

Kentucky Libraries Unbound: eBooks

How to Return Library eBooks Early

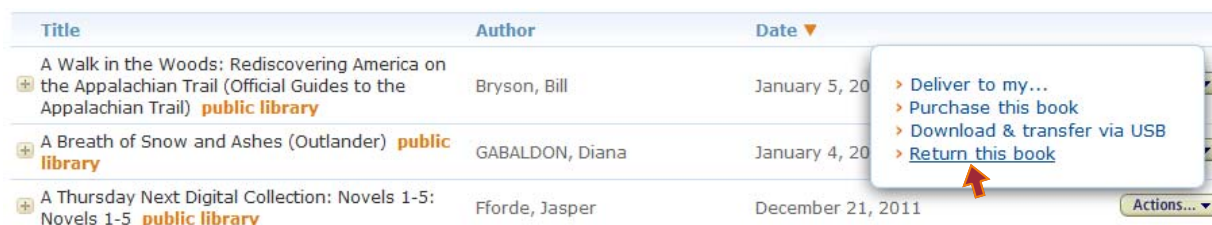

Paul Sawyer Public Library

Library ebooks from Kentucky Libraries Unbound will automatically expire after the check-out period — it is not necessary to manually return them. However, patrons do have the option of returning a library ebook **early** if they wish to do so.

KINDLES:

1. Go to Amazon.com and log into your Amazon account.
2. Click “Your Digital Items” on the upper right side of the page.
3. Click “Manage Your Kindle.”
4. You’ll see a list of all your books (both those borrowed from the library and those purchased from Amazon). To the right of each book, hover your mouse over the “Actions” button and select “Return this book” from the list. After returning it, you also have the option to delete the title from your account.

3. Hover your mouse over an item, and a drop down button will appear left of the title. Click on this button to view the various options for each of your titles.
4. Click “Return Borrowed Item” to return a library book. Deleting the item will NOT return it to Kentucky Libraries Unbound — it will still be checked out to your account.
