Paul Sawyer Public Library

THE OVERDRIVE MEDIA CONSOLE APP

The Overdrive Media Console App allows you to check out and download library ebooks and audio books to a portable device such as the iPhone/iPad, Android phones and tablets, Blackberrys and the Windows 7 phone.

HOW TO INSTALL THE APP AND DOWNLOAD A DIGITAL TITLE TO YOUR DEVICE:

1. Go to your appropriate app store (Apple, Android, Windows 7, or Blackberry) and search "Overdrive Media Console". Or you can also go to www.overdrive.com/software/omc/ and download the app for your device.
2. Download and install the app on your portable device.
3. Open the app and either – depending on the device – select the "Get Books" button in the upper right corner or click on menu and then select get books.
4. Select "Add Library."
5. Search for Paul Sawyer Public Library by name, city, or zip code.
6. Select Paul Sawyer Public Library from the list of search results.
7. Save Kentucky Libraries Unbound and add it to your "Get Books" list by lighting the star to the left and then select Kentucky Libraries Unbound to enter the digital catalog.
8. Log in with your Library card and PIN. Search or browse for a title. Search for items by author, title, keyword, or subject. You can limit your search to EPUB ebooks by clicking on the Advanced Search. You may also limit your search to available copies.
9. To check out a book, click "Add to eCart." Or place a hold if it is not available.
10. Proceed to Checkout. Choose your lending period. Confirm checkout.
11. Click "Download."
12. The first time you download a EPUB ebook to your device, you will be prompted to register your portable device with an Adobe ID. If you do not have an Adobe ID, you can easily create an account with Adobe by clicking "Get ID." Follow the prompts.
13. Once your device is activated with an Adobe ID, your title will automatically download, and you will be able to read it through the app on your portable device.
14. In the bookshelf view, click and hold a title to view additional options such as deleting a title from your device and/or returning it early. Ebooks can be returned early, but audiobooks cannot.
