## Youth Services Outreach

A note from Sarah Whitworth, our Outreach Services Specialist.

I'm the new Outreach Specialist for the Youth

Services Department, and my job is to take library services out to the community!

This summer I have gone to summer programs for

children, checked books out from the van, and provided programs. I have regularly taken the van to the Wednesday night Franklin County Farmer's Market with books for checkout and art projects for kids. I also helped represent the Library at the Longest Day of Play in June.

This fall I plan to take the van out with books for checkout, lead activities for students in afterschool programs, read at daycares throughout the county, and continue to look for ways to share resources and reach out to children and teenagers throughout Franklin County.
